

**Subject:** Support for Customers Impacted by Fraudulent Impersonation Sites

To Whom It May Concern,

We are writing to bring to your attention an unfortunate situation in which some customers have fallen victim to fraudulent websites impersonating Hornady Manufacturing. These malicious sites have misrepresented our brand and products, deceiving individuals into making payments for goods that will not be delivered.

Hornady Manufacturing is a respected leader in the firearms and shooting sports industry, and we take our reputation and customer trust very seriously. The emergence of these sophisticated scam sites has affected not only our company but also the broader firearm and outdoor industries, which continue to face challenges from these fraudulent activities.

We have thoroughly investigated these incidents and promptly reported the fraudulent sites to the appropriate law enforcement agencies. We are actively cooperating with these agencies to ensure that those responsible are held accountable and to prevent further harm to consumers.

We respectfully urge your institution to assist impacted customers by refunding their payments made to these fraudulent entities. Hornady Manufacturing has no association with these scams and does not sell ammunition or ammunition components directly to consumers. **By supporting the victims of these crimes, you will play a crucial role in safeguarding consumers from further financial harm.**

Thank you for your attention to this matter and for your efforts in protecting the interests of your customers. If additional information or documentation is required to assist in this process, please do not hesitate to contact us.

Sincerely,

Team Hornady
